

## Imagine a world without steel. *We Can't...*

Established in 1922, Robor is a world-class South African manufacturer and supplier of welded steel tube and pipe, cold formed steel profiles, structural steel products and associated value added products and services. Robor is active in most industries, including Mining, Transport – rail and road, Construction, Engineering, Agriculture, Energy, Water and Automotive.

### It is impossible to imagine a world without steel

Steel is a resource that has played a significant role in enabling the development of the advanced, industrial civilization; from the buildings we occupy to the vehicles we commute in to the pipelines that provide the water we drink; steel is an integral part of our daily lives and Robor has been part of this exciting industry for almost a hundred years.
